ARBOR DAY

The question is asked and here is my reply,
I love trees and this is why.
Trees are lovely when they're green and bright,
They're just as beautiful when they're glistening white.

In spring when they're blooming or when the leaves begin to fall,
Trees become beautiful to one and all.
We love to eat the fruit they give,
But we can't have it if the trees don't live.

In their branches is the home of a bird,
Taking this away is really absurd.
Taking trees I do not condemn,
If useful things become of them.
But taking trees just for fun,
Shouldn't be a joke to anyone.

And after we take the trees we need,
We should stoop down low and plant a tree.

To grow a tree this is all you need,
Sunlight, water, and a little seed.
The seed goes first into the ground,
Then sprinkle water all around.

The sun is next and comes naturally,
So that's no work for you or me.
It only takes a moment and in a few months look,
What has become of the time we took.
Arbor Day is just for this,
It's a holiday no one should miss.
This time of the year is special to me,
Because I can give life to an unborn tree.

It's really very interesting and a lot of fun,
And you'll feel better once it's done.
Trees are important to our life here on earth,
And now we realize how much they're worth.

So we should all stoop down and plant a seed,
For all the trees we'll ever need.

SPONSOR ASSURANCES

17. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project. However, these limitations on the duration of the covenants do not apply to the covenant against exclusive rights. Any breach of these covenants on the part of the Sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

18. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided; That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

19. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

20. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

21. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

22. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

23. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

24. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

25. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

26. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

27. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

28. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

29. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

30. All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

31. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

32. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

33. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraphs hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises.

The Landlord may collect and receive any rent due from Tenant and payment or receipts thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

WHEREAS, Fifty years ago, the neighborhood now known as St. Turibius Parish, was a small prairie community, having approximately one hundred families in an undeveloped and sparsely populated section of the City. In mid 1927 Cardinal Archbishop Mundelein appointed Father Thomas Smyk as the first Pastor of the Parish of St. Turibius. On July 3, 1927, the first Mass was offered in the assembly hall of Peck School. Father Smyk's pastorate of our Parish was short-lived, for in December of 1927, he was replaced by Father Francis Kulinski. WHEREAS, On April 24, 1948, Father Joseph Lechert was appointed to replace Father Mszanowski, and in these post-war years the Parish, under his leadership, realized its potential and grew at an overwhelming pace. A new Church was dedicated in 1952 and a new school addition was built in 1961 to accommodate the peak school enrollment of 1,305 children from a Parish of 2,750 registered families; and

WHEREAS, In November of 1967, upon the retirement of Father Lechert, Cardinal Cody appointed Msgr. Joseph L. Mroszkowski to lead the parishioners of St. Turibius; and

WHEREAS, Our present Parish, now fifty years old, is proud of its many accomplishments and organizations. A Holy Name Society, Ushers Club, Altar and Rosary Society, Mothers Club, St. Anne Society, a Senior and Junior Choir, a school Board and Our Lady of Good Counsel Auxiliary, a sports program in the school, a Teen Club and a Pre-Teen Club, a School Band, six Scout units for boys and girls from the ages of 7 through 18, CCD classes for children attending public schools, a Bible Study Program and Teen-Rap Sessions, a monthly Holy Hour and a daily rosary, eight Sunday Masses and two Saturday Masses, and a spirit that the Parish will continue to grow and improve for the next fifty years; and

WHEREAS, The history of St. Turibius Church is reflective of the highest aspirations, goals and dreams of the people of the area served; and

WHEREAS, Throughout its history of St. Turibius Church parishioners have actively participated in not only life in the community but have actively participated in the professional, academic, religious, governmental and business world. The honor roll of service to God, City, County, State and Nation is replete with names of St. Turibius' parishioners; now, therefore,

The following is said ordinance as passed:

WHEREAS, The Commission on Chicago Historical and Architectural Landmarks has determined that the structure known as the Chicago Board of Trade Building, located at No. 141 W. Jackson Boulevard, Chicago, Illinois is worthy of designation as a "Chicago Landmark"; and

WHEREAS, The Commission has found that the exterior aspect, lobby and lobby balconies of the Chicago Board of Trade Building meets the criteria for designation as a "Chicago Landmark", as set forth in Chapter 21, Sec. 21-64 (b) of the Municipal Code of the City of Chicago; and

WHEREAS, The City Council of the City of Chicago finds that many other aspects of the building are not an area, place, building, structure work of art or an object worthy of being designated a "Chicago Landmark" and therefore it would not be in the public interest to designate those aspects as landmarks when balanced against the economic disabilities that would flow to the owner of said economically viable and important commercial building by virtue of said designation; and

WHEREAS, The City Council of the City of Chicago finds that the exterior aspect and sculpture of the Jackson Boulevard side of said building commencing 14 feet above the sidewalk level to include the statue of Ceres possess a unique location or singular physical characteristic representing an established and familiar visual feature of the LaSalle Street financial community of the City of Chicago; and

WHEREAS, The City Council of the City of Chicago finds that those portions of the lobby and lobby balconies identified by the gray-toned areas of the architectural plans and sections marked Exhibits A through E attached hereto and made a part of this Ordinance embody distinguished characteristics of an architectural type or specimen; and

WHEREAS, The City Council of the City of Chicago concludes that the heretofore identified portions of the lobby and lobby balconies and the exterior aspect and sculpture of the Jackson Boulevard side of the Chicago Board of Trade Building commencing 14 feet above the sidewalk level to include the statue of Ceres are important to Chicago, and deserve to be preserved, protected, enhanced and perpetuated, and therefore should be designated a "Chicago Landmark"; and

WHEREAS, This Ordinance is enacted pursuant to the agreement of the City Council of the City of Chicago and the owners of the Chicago Board of Trade Building as in the public interest and to resolve issues between the City of Chicago and the owners of said building in a constructive way without resort to litigation, and by which agreement the owners of the Chicago Board of Trade Building agree to the specific landmark designation of portions of said buliding as is made by this Ordinance, and the City of Chicago waives any and all rights it may have with respect to said building as provided in Chapter 21, Sec. 21-62 through 21-64.1 of the Municipal Code of the City of Chicago except as provided in this Ordinance; and provided further that the City of Chicago and the Commission on Chicago Historical and Architectural Landmarks shall have the power with respect to said building as provided by and under Section 3 of the enacting portion of this Ordinance; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The exterior aspect and sculpture of the Jackson Boulevard side of the structure known as the Chicago Board of Trade Building commencing 14 feet above the sidewalk level to include the statue of Ceres located on the property legally described as:

Lot 1 in Board of Trade Addition to Chicago, a Subdivision of part of Blocks 98 and 115, School Section Addition to Chicago of Section 16, Township 39, Range 14 North East of the Third Principal Meridian

and commonly known as No. 141 W. Jackson Boulevard, Chicago, Illinois is hereby designated a "Chicago Landmark" in accordance with the provisions of Chapter 21, Sec. 21-64 (f) of the Municipal Code of the City of Chicago.

SECTION 2. Those portions of the lobby and lobby balconies located in the aforesaid Chicago Board of Trade Building as are more fully identified by the gray-toned areas of the architectural plans and sections marked Exhibits A through E attached hereto and made a part of this Ordinance are hereby designated a "Chicago Landmark" in accordance with the provisions of Chapter 21, Sec. 21-64 (f) of the Municipal Code of the City of Chicago.

SECTION E – REMARKS

PART IV PROGRAM NARRATIVE

ORD 5089 Land Acquisition - E Parcels

The following interrelated factors contributed to the City of Chicago's interest in acquiring the E Parcels:

- Protection of the integrity of the airspace effecting the clear zones and approach zones of runways 22L/4R and 27L/9R and the 32R/14L approach zone
- A condemnation suit precluding the imminent construction of structures which would interfere with the safe operation of runways 22L/4R and 27L/9R
- Elimination of a potentially large concentration of people from a clear zone area
- Achievement of compatible land use

The City of Chicago, through the condemnation suit, purchased the subject land at a cost of $8,250,000.00. Additional litigation in satisfying the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 has been adjudicated satisfactorily.

Existing Federal Aviation Administration regulations indicates a refunding allowance of 75% for the land, necessary legal and administrative expense and site improvements necessary to return the subject property to a pristine condition.

SECTION 3. The Commission on Chicago Historical and Architectural Landmarks is hereby directed to create a suitable plaque appropriately identifying the landmark portions of the said building, and to affix said plaque to the property designated as a "Chicago Landmark". Such plaque shall appropriately identify the landmark portions of the said building, shall have inscribed thereon a brief and concise statement of such as will inform the public of the character of said landmark portion of the said building.

SECTION 4. With reference to the portions of the said building designated as a landmark by this Ordinance, the Building Department of the City of Chicago and the Commission on Chicago Historical and Architectural Landmarks are directed to comply with the provisions of Chapter 21, Sec. 21-64.1, subsections (a) through (f) inclusive, of the Municipal Code of the City of Chicago. Thereafter, the Finance Committee of the City Council shall give prompt consideration to the disapproval of any building or demolition permit by the Commission on Chicago Historical and Architectural Landmarks, together with the report filed by said Commission, and shall recommend to the City Council within thirty (30) days after the receipt of said disapproval and report whether said application for permit shall be allowed or denied. The Finance Committee shall set forth in its recommendation, if a denial, the ways and means available to the City of Chicago for the leasing and subleasing of said property for the purposes of preservation and perpetuation of said landmark; or of inducing by contract or other consideration the creation of covenants restricting the use of the land; or of acquiring by eminent domain or by contract or conveyance of all or any part of or interest in property so designated, and where applicable, adjacent or surrounding private property the alteration or clearance of which is essential for the preservation and perpetuation of said landmark; or such other and further action as may be contemplated in Sec. 11-48.2-2 of the Illinois Municipal Code. The City Council shall, within thirty (30) days of said Finance Committee recommendation, allow or deny by ordinance the application for a building or demolition permit, which shall be deemed the sole and exclusive denial of said application. If the City Council determines that said application should be denied, it shall set forth in said ordinance appropriate directions to the responsible City department or departments for initiating action to acquire by eminent domain all or any part of or interest in said property, and where applicable, adjacent or surrounding private property the alteration or clearance which is essential for the preservation and perpetuation of said landmark. Such eminent domain action shall be initiated by the responsible City department or departments within thirty (30) days following the passage of the denial ordinance. The Commission on Chicago Historical and Architectural Landmarks shall forward certified copies of the ordinance approving or denying the application for building permit to the applicant for permit and to the Building Department of the City of Chicago; provided however, that nothing herein contained shall prohibit the City of Chicago and the owner of the Chicago Board of Trade Building from negotiating and entering into a lease or sublease of said property or any portion thereof, or negotiating and agreeing with respect to the creation of covenants restricting the use of the building, or negotiating and contracting with respect to any other agreement for the purpose of preserving and perpetuating the landmark portions of the building, during the sixty (60) day period of time within which the report of the Commission on Chicago Historical and Architectural Landmarks is pending before the Finance Committee of the City Council and the City Council of the City of Chicago, but nothing contained in this proviso shall extend the sixty (60) day period of time within which the Finance Committee and the City Council must either approve or deny the application for a building or demolition permit as is provided hereinabove if no agreement is reached by the owner and the City of Chicago with respect to landmark status within the sixty (60) day period of time. Time is of the essence in this Ordinance.

SECTION 5. The City of Chicago waives any and all rights and powers it may have with respect to said building as provided in Chapter 21, Sec. 21-62 through 21-64.1 (a) through (g) inclusive of the Municipal Code of the City of Chicago except as provided in this Ordinance; and provided further that the City of Chicago and the Commission on Chicago Historical and Architectural Landmarks shall have the power concerning landmark designation with respect to said building solely as provided by and under Section 4 hereinabove.

SECTION 6. This ordinance shall take effect on and after its passage and publication pursuant to law.

3. *Terms and Conditions*

(A) Lessee agrees that no charge shall be made for the parking of any motor vehicles on the leased premises without the prior written consent of Lessor.

(B) The Lessee agrees that it will bear and pay any and all cost of converting the leased premises into a parking lot and maintenance of same thereafter. The Lessee further agrees to keep said premises in a neat, orderly and presentable condition, the expense of compliance with which the Lessee agrees solely to bear.

(C) Vehicles shall be driven onto and from the leased premises only through proper entrances and exits and not in such manner as to damage curbing, sidewalks or railroad tracks.

(D) The Lessee, at its sole cost and expense, shall construct and maintain a fence or standard highway barricade along any boundaries of the leased premises which are contiguous to Lessor's railroad tracks. Said construction and maintenance shall be subject to the approval of Lessor's Division Superintendent, and the height of said fence or barricade shall be sufficient to prevent the protrusion of any vehicle beyond the boundaries of the leased premises.

(E) Lessor reserves the right to move or remove or have moved or removed any vehicle which, in its opinion, hinders or makes hazardous Lessor's railroad operations on tracks contiguous to the leased premises, and Lessee agrees to indemnify and hold harmless Lessor from any consequences of such action. Lessee further agrees to reimburse Lessor for any towing costs thus incurred upon presentation of evidence thereof.

(F) The Lessee agrees in all respects to fully indemnify, save and keep harmless the Lessor, its agents and employees, from any and all liability, loss, damage or injury of any kind whatsoever on account of loss of or damage to the property of any person on or adjoining the leased premises, or on account of injury to or death of any person whomsover, at any time arising out of or occurring in connection with the use of the leased premises.

(G) The Lessee shall procure and maintain in force during the term of this lease an Owners, Landlord and Tenant's Insurance Policy to provide coverage of at least $500,000.00 combined single limit for bodily injury and property damage. The Lessor shall be furnished a certified copy of the policy. In lieu of the aforesaid policy, Lessee may, at its option, present a certificate of self-insurance acceptable to Lessor's Director of Insurance in the aforementioned amount. The Lessee shall provide written notice to the Lessor at least ten (10) days from the cancellation, revocation or other termination of said Owners, Landlord and Tenant's Insurance Policy or self-insurance.

(H) Lessee covenants throughout the term of this lease, at Lessee's sole cost and expense, to take good care of the leased premises and to keep said premises in good condition and repair. All work done related to the leased premises shall be done in good workmanlike manner and in compliance with all applicable laws, ordinances, rules, regulations and requirements of all Federal, State and Municipal governments or appropriate departments, commissions, boards or officers thereof. In doing any of said work, Lessee covenants and agrees that it will not permit any mechanic's lien or liens to be placed upon the premises; and in the case of the filing of any such lien, Lessee shall promptly discharge the same, Lessee having the right to dispute any said lien in an appropriate court action.

(I) The Lessee agrees that no part of the premises shall be used for the display of signs or advertisements other than those related to the use of the premises as a commuter parking lot; and such signs shall be subject to the approval of Lessor's Chief Engineer. It is agreed that the Lessee shall not allow others to post bills or signs thereon.

(J) Lessee agrees to pay or cause to be paid all charges for gas, water, electricity, light, heat or power, telephone or other communication service used, rendered or supplied upon or in connection with the premises throughout the term of this lease, and to indemnify Lessor and save it harmless against any liability or damages on such account. Lessee shall also, at its sole cost and expense, procure any and all necessary permits, licenses or other authorizations required for the lawful and proper installation and maintenance upon the premises of wires, pipes, conduits, meters, tubes and other equipment and appliances for use in supplying any such service to and upon the leased premises, which may be required.

(K) The Lessee agrees to pay to the Lessor, upon receiving a bill therefor, all taxes, license fees or other charges that may be levied or assessed locally against the premises, or the improvements thereon, or against both. In the event the premises, or any part thereof, shall be subject to any special assessment for any public improvement or improvements, the rent to be paid by Lessee hereunder shall be increased by an amount equal to ten (10%) per cent per annum of the total cost of such assessments.

(L) Lessor reserves the right to grant such easements and to cause such improvements to be placed upon the premises as Lessor may deem necessary or desirable, including, but not restricted to, power, gas, telephone, water, signboards, storm and sanitary sewers; provided, however, that no easements shall be granted which will unreasonably interfere with the use by Lessee of the premises herein demised. Lessor shall not in any event be liable for inconvenience, annoyance, disturbance, loss of business or other damage to Lessee by reason of making such improvements; and the obligations of Lessee under this lease shall not thereby be affected in any manner whatsoever. Lessor agrees, however, in connection with the doing of such work to cause as little inconvenience, annoyance, disturbance, loss of business or other damage to Lessee as may reasonably be possible in the circumstances.

(M) Lessor shall not be liable for any damage, compensation or claim by reason of inconvenience, annoyance or interruption in the use of said premises whether caused by fire or any other cause, or from the termination of this lease pursuant to any of the provisions hereof.

(N) Lessee shall not construct any building or other structure, nor make any material alterations, improvements or additions to the premises without prior written notice to Lessor.

(O) In consideration of the privilege hereby given the Lessee to occupy and use the premises above described and the benefits and privileges to be derived therefrom, the Lessee, in addition to payment of rental as above provided, hereby releases the Lessor from all liability for damage by reason of want or failure at any time of title or possession on the part of the Lessor to any part of the leased premises.

(P) This lease shall not be assigned, nor shall said premises, nor any part thereof, be sublet, nor shall the Lessee consent that the same be used or occupied by any party other than the Lessee without the written consent of the Lessor first obtained therefor. If any of the foregoing conditions are violated, all of the provisions of this lease shall be binding upon such assignee, sublessee, user or occupant; and the Lessee hereby guarantees the performance of all of such provisions by any such assignee, sublessee, user or occupant. Nothing in the last above sentence shall be deemed to be a waiver by the Lessor of the restrictions set forth in the first sentence of this paragraph.

All of the covenants, terms, conditions, rights and obligations in this agreement contained shall inure to the benefit of and be binding upon the parties hereto and their heirs, executors, administrators, successors and assigns.

(Q) Either the Lessor or the Lessee may terminate this lease at any time after February 28, 1982, by giving to the other party thirty (30) days' notice in writing. In addition, in case of violation by either party of any provision of this lease, the other party may, after five (5) days' notice in writing and if the violation is not remedied within the five-day period, terminate this lease on three (3) days' notice in writing, and these means of termination shall be binding upon the parties hereto in lieu of any notice that may be required by statute. Upon the termination of this lease, all rights of the Lessee hereunder shall absolutely cease; and upon or prior to such termination, the Lessee shall surrender said leased premises to the possession of the Lessor. No termination of this lease shall affect the liabilities or obligations of either party (whether of indemnification or other) which may have accrued prior to such termination. Acceptance of rental in advance by the Lessor shall not operate as a waiver of the Lessor's right to terminate this lease as herein provided, whether such acceptance is made before or after notice of termination has been given as herein provided. Should this lease be terminated by either party by thirty (30) days' written notice as hereinbefore provided, prior to the time to which said rental has been paid, the Lessor hereby agrees to refund on demand to the Lessee any unearned rental theretofore paid.

(R) In case the Lessee, within ten (10) days from the expiration of this agreement, either by lapse of time, by abandonment or by notice of termination as provided for herein, shall fail to remove from the premises herein leased any and all property, real, personal or mixed, owned or controlled by Lessee, Lessee hereby agrees that Lessor, at its sole option, may use, dispose of, wreck, sell, lease, remove or otherwise deal with said property entirely as Lessor wishes, free and clear of all liens, encumbrances or claim of ownership of Lessee or others, or Lessor, at its sole option, may require Lessee to remove all or any part of said property, including, but not limited to, buildings, foundations, fixtures or personalty.

If Lessor elects to remove, dispose of or wreck said property, Lessee hereby agrees to pay the cost thereof, less the salvage value of said property, if any.

Upon the termination of this lease, in any manner, the Lessee will surrender possession to the said Lessor or its authorized agents, peaceably and without delay; and in case of any failure so to do, the Lessee shall be guilty of forcible entry and detainer of said land, and no notice to quit or demand of possession shall be necessary to sustain such action, but all such notices are hereby waived by Lessee or by anyone in privity with Lessee.

(S) As used in this clause, the following terms shall have the following respective meanings: (1) "Bureau of Labor Statistics" shall mean the Bureau of Labor Statistics of the United States Department of Labor, Washington, D.C.; (2) "Index" shall mean the "All Items" group of the U. S. City Average Consumer Price Index for Urban Wage Earners and Clerical Workers (1967=100) issued by the Bureau of Labor Statistics; (3) "Base Month" shall mean the calendar month and year hereinbefore shown in Clause 2 of this agreement; and (4) "Comparison Month" shall mean each calendar month of October occurring after said base month during the term of this lease and during any holding over by Lessee.

The amount of base rent stipulated in Clause 2 of this agreement shall hereafter be increased or decreased (but shall not in any event be less than the amount so stipulated) by the same percentage of increase or decrease, as the case may be, in the index for each comparison month over or under the index for the base month.

Lessor shall render Lessee a rent bill showing the pertinent increased or decreased amount of rent to be paid by Lessee succeeding each particular comparison month; however: (1) the provisions herein shall not be invalidated or waived, or deemed to be invalidated or waived, by reason of delay either in rendering any rent bill or in the final determination of any dispute with respect thereto; and (2) the failure of Lessor to render a rent bill based upon any comparison month shall be without prejudice to the right of Lessor to render a rent bill based upon any subsequent comparison month.

If the Bureau of Labor Statistics shall substitute a new base for the 1967=100 base hereinbefore stipulated as the index base, Lessor and Lessee agree that such substituted base, adjusted and equated to the 1967=100 base in the manner recommended by said Bureau of Labor Statistics, shall then become and be the index for all purposes herein. In the event the index shall cease to be published, then for the purposes herein, there shall be substituted for the index such other index as Lessor and Lessee shall agree upon; and if they shall be unable to agree within sixty (60) days next after the index ceases to be published, such matter shall be determined by arbitration in accordance with the rules of the American Arbitration Association.

(T) In the event of a taking by right of eminent domain of all or any part of the premises during the existence of this lease, or of the occurrence of any acts of a public authority giving rise to an action for damages to the premises or any improvements hereafter placed on the premises by Lessee, the Lessee shall have the right to the compensation awarded or paid for such taking or damage to the extent only of the value of, or damages to, the buildings, machinery, structures, fixtures and other improvements placed or erected thereon by the Lessee valued as then affixed to or used in connection with the premises; and Lessee shall have no right to the compensation awarded or paid for such taking or damage to the land itself, or other improvements, if any, all compensation awarded or paid for such taking or damage to the land or other improvements, as distinguished from the improvements placed or erected thereon by the Lessee, shall

inure to the Lessor only. The phrase "taking by right of eminent domain" as used herein shall include both a statutory proceeding to effect condemnation and a sale to an authority which would commence condemnation proceedings but for such sale. The term of this lease shall cease from the date of title vesting in such proceeding, and Lessee shall have no claim for the value of any unexpired term of the lease.

(U) The Lessee agrees that all provisions of law or ordinances applicable to its use of the premises shall be fully observed at Lessee's sole cost and expense, and the Lessee will not do, nor permit to be done, upon or about the premises anything forbidden by law or ordinances or the rules and regulations of Lessor now in force or which may hereafter be adopted.

(V) This lease shall be subject to cancellation at any time by the Illinois Commerce Commission according to the laws of the State of Illinois. If canceled by the Illinois Commerce Commission, no party hereto shall have any claim against the other parties or against the Illinois Commerce Commission or the State of Illinois.
